PREFACE TO THE FIRST EDITION.

THIS, the first Volume of Local Rules and Orders, contains Rules and Orders applying exclusively to Bombay* and made under (*A*) Statutes and (*B*) General Acts of the Governor General of India in Council.

2. The second Volume will contain similar Rules and Orders made under (*C*) Bombay Regulations, (*D*) Local Acts of the Governor General in Council, (*E*) Acts of the Local Council, and (*F*) Regulations made under the Statute 33 Vict., Chapter 3.

3. All these Rules and Orders have been for the most part collected from the *Bombay Government Gazette* and the *Sind Official Gazette*, and are arranged in the chronological order of the enactments under the authority of which they were made.

4. The Government of India intend to publish a collection of General Rules and Orders made under Enactments applying to the whole of British India, and will also include therein Rules and Orders applicable to more than one province. Such a collection, when published, will form a Supplement to the General Acts of the Governor General of India in Council published by the Legislative Department of the Government of India.

5. These Volumes of Local Rules and Orders are intended to be Supplements to the Bombay Code published by the same authority, and the Rules and Orders herein contained have the force of law, as made under the authority of some Enactment of the Legislature and therefore deriving such force from that Enactment.

6. The first Volume has been prepared from the following materials :—

(1) List 6 (*a*) and 6 (*b*) of Chapter IV of the Lists of Enactments in force in British India, revised up to the 1st March 1884, by Mr. J. M. Macpherson.

* *i. e.*, the territories under the administration of the Governor of Bombay in Council.

(2) Lists of corrections in the above Lists made by the Government of Bombay.

(3) Notifications *in extenso* referred to in the above Lists (1) and (2) and Notifications issued since the lists were published.

7. Several Notifications which ought to have been, but were not, included in the Lists, have been inserted in this Volume, and every attempt has been made to bring out a correct edition of Local Rules and Orders.

8. The following sets of Rules and Orders are excluded from this Volume :—

(1) Rules and Orders made by the High Court of Bombay under its Letters Patent, and those made by the Bombay High Court and the Judicial Commissioner in Sind under the Codes of Civil and Criminal Procedure, the proper place for these Rules and Orders being compilations issued under the authority of the High Court, and the Judicial Commissioner in Sind respectively.

(2) Rules and Orders made under Enactments relating to Merchant Shipping, it being the intention of the Government of India in the Legislative Department to compile a separate collection of such Rules and Orders.

(3) Such of the Rules and Orders as are published separately in Departmental Manuals.

(4) Rules and Orders under the Registration Act, as they will be collected by the Registration Department in a separate publication.

(5) Rules under the Cantonment Act, as they will be superseded by the new Code of Cantonment Regulations, which, when passed, will be published separately by the Government of India in book form.

(6) Such Rules and Orders as are of too little general importance for publication in the collection.

All the Rules and Orders, excluded as above, are noted for ready reference in the List prefixed to the Volume.

9. Rules and Orders of a temporary nature, and Orders conferring powers on officials and others personally by name, or licenses to individual Ministers to celebrate marriages are omitted.

10. In reprinting Notifications in this Volume matter superseded has been omitted; explanatory notes (referring to superseding Notifications) being inserted. In case of minor amendments or corrections, they have been made in the Notifications themselves with explanatory foot-notes. Notifications under repealed Acts kept alive by repealing Enactments are inserted under the latter Acts with appropriate foot-notes.

11. A short alphabetical index is printed at the close of the Volume.

5th December 1896.

II.—Meetings.

2. The Council will meet on such days and at such hours as the President shall direct. The date and hour so fixed shall be notified by the Secretary in the *Bombay Government Gazette* and to each Member by letter.

3. The President may adjourn to any future day or to any part of the same day without any discussion or vote, any meeting or business, whether the quorum required by Section 34 of the Indian Councils Act, 1861, be present or not.

4. A motion that any business before the Council be adjourned, or that the Council pass to the consideration of the business next in order in the list of business or that the business under consideration be referred to a Select Committee (in accordance with the Rules hereinafter in that behalf contained), may be moved by any Member at any time as a distinct question; and such motion shall take precedence of any other motion then before the Council; but the President alone shall have power to propose the adjournment of the meeting.

5. If a motion of the kind referred to in rule 4 be rejected, no similar motion shall be again made at the same meeting of Council except by the President.

6. Any business of the day not disposed of at the time of any adjournment of the Council shall stand for disposal on the next day on which the Council shall meet, and unless otherwise specially ordered, shall take priority of all other business on that day.

7. If at any time appointed for the holding of any meeting of the Council, or if at any time after the commencement of business, the quorum required by Section 34 of "The Indian Councils Act, 1861," be not present, the President shall adjourn the meeting. But in the absence of a President the Secretary shall make an entry in the journal of the Council of the names of the Members present, and the meeting shall be thereby adjourned.

III.—Maintenance of Order.

8. The President shall preserve order, and all points of order shall be decided by him, no discussion thereupon being allowed.

9. Any Member may notice a violation of order by drawing the attention of the President to it. When a Member is thus addressing the President, any other Member who may be then speaking shall resume his seat and cease speaking until the point of order is settled.

10. In discussing questions coming before the Council for consideration a Member shall speak from his place, shall rise when he speaks and shall address the President. The President also shall rise when he addresses the Council.

11. Any Member may, with the permission of the President, speak at the request and on behalf of another Member who is unable to express himself in the English language.

12. On all matters brought before the Council, after the Member who makes a motion has spoken, each Member may speak to the motion. After all the Members have had an opportunity of speaking, the Member making the motion may speak by way of reply.

13. No Member shall speak except upon business which is at the time regularly before the Council or, by special permission of the President, in explanation of anything said by him previously in debate.

14. When, for the purpose of explanation during discussion, or for any other sufficient reason, any Member shall have occasion to ask a question of another Member on any measure then under the consideration of the Council, he shall ask the question through the President.

15. A purely verbal amendment of a motion may, with the permission of the President, be moved at any time during the discussion upon the motion and without previous notice, but no amendment which is substantially the negative of a motion shall be taken into consideration by the Council.

16. Any Member may ask for any papers or returns connected with the business before the Council. The President shall determine whether the papers or returns asked for shall be given.

IV.—Course of Business.

17. (1) The Secretary shall at least fifteen clear days before each meeting despatch to each Member a preliminary list of the business to be brought forward under each clause of Rule 19 at such meeting, including all reports of Select Committees to be taken into consideration thereat: and such list shall specify in respect of each Bill therein referred to, the title and stage of such Bill.

(2) The Secretary shall also after despatching such Preliminary list, despatch to each Member as soon as it can be prepared, a complete agenda paper specifying in full detail the business of all kinds to be brought forward at such meeting.

18. The President shall have power to regulate or alter the order in which business is to be transacted, but, ordinarily, the business of the Council shall be conducted in the order described in Rule 19.

19. After the President has taken his chair—

(1) Questions asked under Section 2 of the Indian Councils Act, 1892, shall then be put and answered;

(2) At meetings where the annual Financial Statement is presented discussion thereon shall take place;

(3) The Secretary shall present any Petitions, Bills, and any other communications which may have been received;

(4) The Council will then proceed to consider the Bills and Orders of the day in the order in which they stand on the list of business for the meeting of that day;

(5) Afterwards, any Member may make any motion which it may be competent for him to make consistently with "The Indian Councils Acts, 1861 and 1892," and these Rules.

V.—Bills.

20. Any Member may move at a meeting of the Council for leave to introduce a Bill, in accordance with the provisions of Section 38 of "The Indian Councils Act, 1861," provided that seven clear days' previous notice of the title and subject of the Bill has been given to the Secretary. On making such motion the Member moving shall be at liberty to state, as concisely as may be, the scope of the Bill, and the reasons in support of it; but he may defer this till the first reading, unless the introduction of the Bill be opposed. If the motion be carried in the affirmative, the Member shall send the Bill to the Secretary with a full statement in writing of its objects and of the reasons for it, and any other papers which he may consider necessary.

21. The Secretary shall forthwith cause the Bill, together with the Statement of Objects and Reasons, to be printed, and, if ordered by the Council, to be translated into such native language or languages as shall be deemed requisite by the Council, and shall send a copy thereof to each Member of the Council, and shall cause the same to be published in the *Bombay Government Gazette;* and copies of the Bill and Statement of Objects and Reasons shall be distributed to the Press and to the public in such manner as the Governor, from time to time, may see fit to direct.

22. The Governor, if he see fit, may order the publication, in the manner hereinbefore described in the rule last preceding, of a Bill, together with the Statement of Objects and Reasons which accompanies it, although no motion may have been made for leave to introduce the Bill. In that case it shall not be necessary to move for leave to introduce the Bill; and if the Bill be afterwards introduced, it shall not be necessary to publish it again; and in any case the publication of a Bill, in pursuance of an order by the Governor, or of leave given by the Council, shall be deemed to be the introduction of the Bill.

23. No motion that a Bill be read the first time shall be made until fifteen clear days after a copy of the Bill and of the Statement of Objects and Reasons has been despatched to each Member and until fifteen clear days from the date on which the Bill was introduced.

24. Every Bill shall be read three times before it can be passed, and if the motion for the third reading be carried, the Bill, on being so read, shall be considered as passed.

25. On the reading of a Bill the Secretary shall only read the title of it, unless the Council requires that the Bill shall be more fully read.

26. If the motion for any reading of a Bill be negatived, such Bill shall be considered as rejected, and shall not be again introduced at any period before the expiration of six months from the date of such rejection.

27. If the motion for the first reading of a Bill be carried, the Council shall then consider the question of referring such Bill to a Select Committee and, if the question be decided in the affirmative, the Council shall appoint the Committee and may further direct that the Committee's report be submitted within a specified period.

28. When a Bill has been referred to a Select Committee, the Council shall not take it into consideration again until the expiration of fifteen clear days from the date on which copies of the Select Committee's report, and (if the Bill has been amended) of the Bill as amended have been despatched by the Secretary to each Member nor until fifteen clear days after the publication of such report and such Bill in the *Bombay Government Gazette.*

29. The Member in charge of a Bill may, on presentation of the Select Committee's report, propose that the Bill be read a second time as amended by the Select Committee. On the second reading being carried the principle of the Bill will be considered as affirmed, and the Council will proceed to consider the Bill in detail. The Council having so examined the Bill, it may then, or on some subsequent day, be read a third time.

30. If the motion for the third reading be carried, and the Bill be passed, the President shall sign a certificate at the foot of the Bill in the following form :—

"This Law was made at a Meeting of the Council of the Governor of Bombay, held for the purpose of making Laws and Regulations on the_____ day of_____

President."

The Bill shall then be laid before the Governor for the purpose required in Sections 39 and 40 of "The Indian Councils Act, 1861," and after it has been assented to by the Governor General it shall be published in the "*Bombay Government Gazette*" under the signature of the Secretary.

VI.—Select Committees.

31. Select Committees may be appointed by the Council for any purpose connected with its business. The Council shall name a period within which a Select Committee shall make its report on any matter which may be referred to it.

32. When a Bill is referred to a Select Committee for report, it shall form part of the business of the Select Committee to decide whether the report shall be translated into any native language or languages before the same shall be presented to the Council.

33. The Council may, if necessary, extend the time for receiving the report of any Select Committee.

34. The report of the Select Committee shall be signed by all the Members of the Committee or by a majority of them; but any Member of a Select Committee may record his views in a separate minute.

35. The report of the Select Committee, any minutes that may have been recorded by individual Members of the Committee and (if the Bill has been amended) the Bill as amended by the Committee shall be printed and

copies despatched to each Member of the Council. The report and minutes (if any) and (if the Bill has been amended) the Bill as amended, or such portion thereof as may have been amended, shall also be published in the *Bombay Government Gazette* with such translations as the Select Committee may think necessary.

36 Printed copies of all Bills and reports published in accordance with this rule shall be distributed to the Press and to the public in the same manner, for the same purposes, and with a like interval of time allowed, as are hereinbefore prescribed for the distribution of copies of original Bills.

37. The report of a Select Committee on any matter other than a Bill shall not be taken into consideration by the Council until seven clear days after copies thereof have been despatched by the Secretary to each Member.

VII.—Amendments.

38. Any Member, wishing to propose an amendment affecting the principle of a Bill or other matter before the Council, shall send the amendment so as to reach the Secretary at least five clear days before the meeting of the Council at which the Bill or other matter is to be considered. The Secretary shall cause every such amendment to be printed, and shall send printed copies of such amendment to all the Members of Council. When the amendment is moved in Council, it shall be determined whether the same shall be translated or not.

39. If, however, any amendment not affecting the principle of a Bill, as settled by a Select Committee, or other matter before the Council be proposed without notice while the Council is sitting, the President shall decide whether such amendment shall be considered by the Council at the meeting at which it is proposed, or be deferred to the next or any other subsequent meeting.

40. Amendments shall be considered in the order of the Sections to which they relate, except when an amendment in a Section renders an alteration in an earlier Section necessary.

41. If any amendment, not merely clerical, be made while the Bill as presented by the Select Committee is under the consideration of the Council in detail, the motion for the third reading of the Bill shall not be made at the same meeting, but the Bill shall be brought forward again at a future meeting and may then be read a third time and passed with or without further amendment.

VIII.—Admission of Strangers.

42. Strangers may be admitted into the Council Chamber during the sittings of the Council on the order of the President. Application for orders of admission is to be made to the Secretary.

43. The President, on the motion of any Member, may direct at any time during a sitting of the Council that strangers withdraw.

IX.—Duties of the Secretary.

44. Journals shall be kept in which all the proceedings of the Council and of Select Committees shall be entered. The Journal of the Council shall be submitted after each meeting to the President for his confirmation and signature, and when signed shall be the record of the proceedings of the Council.

The proceedings of each meeting of the Council shall be published in the *Government Gazette* as soon after the meeting as can be conveniently arranged.

45. All documents ordered to be printed or recorded shall be referred to in the Journal, and after being authenticated by the signature of the Secretary shall be kept with the Records.

46. The Secretary shall attend at every meeting of the Council and of a Select Committee, and in addition to the other duties specially required by these Rules it shall be his duty :—

(1) To take charge of the Records of the Council.

(2) To keep the Journals of the Council and of the Select Committees.

(3) To keep a Minute Book, in which he shall enter all the proceedings of the Council, and of the Select Committees, in the order in which they occur, and the names of the Members present.

(4) To superintend the printing of all Bills and papers ordered to be printed.

(5) To assist, at all times, the Council and all Committees, in all work connected with their duty.

(6) To write all letters ordered by the Council or by any Committee.

47. After the passing of a Bill the Secretary shall revise and complete the marginal notes thereof.

X.—Miscellaneous.

48. Petitions preferred by private persons must be addressed to the Governor in Council, and, if in the Vernacular, they must be accompanied by translations. Ordinarily, no reply will be sent to a petition, and no petitions will be considered unless they relate to some Bill before the Council; but the Secretary may be ordered, for special reasons, to make such communication to the petitioner as the Council may direct.

49. The President may, for sufficient reasons, suspend any of the foregoing rules.

Notn. No. 5648, Judicial, dated 6th September 1902, B. G. G., 1902, Pt. 1, p. 1591.

Rules framed under Section 46 (2) (*a*) of Police Act, V of 1861, for the guidance of the Police on the B. B. & C. I. and R. M. Railways, in the matter of arrest and prosecution under Sections 101 and 131 of the Indian Railways Act (IX of 1890) :—

Arrest.

The exercise, by the Railway Police, of the power of arrest without warrant given them in Section 131 of the Indian Railways Act (IX of 1890), for offences under Section 101 of the same Act, is discretionary. It should be exercised only in extreme cases, as for instance, when—

(*a*) there has been loss of life or serious injury to person ; or

(*b*) a person is caught in the commission of a grave offence ; and

(*c*) the accused is likely to abscond or to continue to endanger the safety of the public.

When arrest is made without warrant, immediate intimation of such arrest must be given to the head of the Railway employee's Department.

2. Under ordinary circumstances, no immediate arrest is necessary. A warrant should be applied for in the usual manner, the police maintaining a watch over the movements of the accused, where this precaution is deemed necessary.

3. When arrest is effected by warrant the warrant should, in the absence of any direction to the contrary in the warrant under Section 77 of the Code of Criminal Procedure, 1898, be executed by a police officer of rank superior to that of a Head Constable, First Grade. The officer

entrusted with the execution of the warrant, will execute it judiciously, and, if the arrest is likely to cause risk or inconvenience to the public, make arrangements to prevent the escape of the accused and apply to the head of his Department to have him relieved, arrest being deferred till he is so relieved.

Prosecution.

4. No prosecution for an offence under Section 101 of the Indian Railways Act (IX of 1890) shall be instituted by a police officer without the sanction of the Superintendent of Railway Police, which shall be communicated immediately it is accorded to the Agent or the Manager of the Railway.

When the process is to be issued beyond the jurisdiction of the Court, a note should be made on the process to the effect that the proper fee has been levied.

Processes issued by Courts in British territory to be served free of charge in Bombay Presidency.

XIII.—A process issued by any Court in British territory should be served free of charge by any Court (including the Court of Small Causes at Bombay) in the Bombay Presidency, if it be certified in the process that the proper fee has been levied under the rules in force in the territory in which the Court issuing the process is situated.

Commissioner in Sind which authorized the payment of rewards to bringers of cattle, and all other notifications or orders on the subject of cattle-pounds, the Commissioner in Sind is pleased to publish the following complete set of Rules and Forms of Account for the guidance of all Officers concerned in the management of cattle-pounds in Sind. The payment of rewards is henceforth to be discontinued :—

Rules for the information and guidance of all Officers concerned in the management of Cattle-pounds in Sind.

1. Under the provisions of Act I of 1871, the person who is specially appointed for this purpose by the District Magistrate is responsible for the proper execution of the provisions of the Act.

2. The Act contains all necessary information with regard to mode of seizure of cattle and so forth. The forms necessary for carrying on the duties of pound-keeper are hereto appended. Printed copies of these forms will be furnished on indents submitted through the Mukhtyárkar of the táluka. In most instances these forms require no explanation, but in case of doubt explanatory notes have been given at the foot of the form.

3. Printed lists of fines, as specified in Section 12 of Act I of 1871, will be furnished on application to Mukhtyárkars. The pound-keeper shall post up such lists in a conspicuous part of the pound, and of each village by which the pound is used.

4. As every pound-keeper is bound to feed and water all impounded animals until such time as the same are either delivered over to the owners, or otherwise disposed of, he may keep in hand a sum not exceeding 20 Rupees out of the cattle-pound fund in order to meet such charges. This sum will be shown in his accounts, and when a pound-keeper delivers over charge of his office, he and his successor shall jointly report to the Mukhtyárkar their having respectively delivered over and received charge of the sum retained, or the balance of it in hand.

5. The feeding charges of the impounded cattle shall not exceed the rates which may have been or may hereafter from time to time be sanctioned by the District Magistrate. Printed lists of such rates will be furnished to each pound-keeper through the Mukhtyárkar of the táluka. Copies of such lists must be posted up in a conspicuous part of the pound, and of each village by which the pound is used.

6. All fines collected by the pound-keeper shall be retained in his custody, and, on such day before the closing of the táluka accounts in each month as the District Magistrate may direct, he shall, subject to the provisions of Rule 11, remit the same together with any savings from the feeding charges to the Mukhtyárkar's treasury with a duplicate memorandum as per Form No. VI, showing the amount so remitted. The Táluka Treasury Officer, after crediting the amount received, shall return one copy of the memorandum duly receipted to the cattle-pound-keeper, and the duplicate copy shall be retained by the Treasury Officer as a chellan for the receipt.

7. The Mukhtyárkar or the officer specially appointed by the Magistrate on this behalf shall keep a register (Form No. VIII) of all cases referred for disposal under section 14 of Act I of 1871. He shall also keep a day-book (Form IX) in which he shall enter all sums realized by the sale of cattle, all sums received in the táluka treasury, as also the charges of feeding, etc., paid to pound-keepers.

8. Subject to the provisions of Rule 11, the Mukhtyárkar (the Táluka Treasury Officer), on receipt of these sums, shall at once credit to the cattle-pound fund the amount of penalties, and bring the balance, being the amount of surplus sale-proceeds, to the head of "Judicial Deposits," to be disposed of as detailed below.

9. The Mukhtyárkar shall then issue a notice as per Form No. X to be posted on the notice-board in the Kacheri inviting claimants for the money in deposit within three months from the date of the notice. At the end of three months, if no person should appear to claim the money, it shall be carried to the credit of the cattle-pound fund.

10. If any claimant come forward within the time allowed, the Mukhtyárkar after due enquiry, and upon being satisfied that the claim is proved, shall, after receiving the sanction of the District Magistrate, make over to such claimant the amount held in deposit.

[a] *11.*—In the case of cattle-pounds situated within the limits of the authority of any Municipality or other Local Body to which the functions of the District Magistrate under Act I of 1871 have been transferred under Act XVIII of 1883, the sums collected shall be credited to the Municipality or other Local Body, as the case may be, instead of to the cattle-pound fund. The Municipality shall, in acknowledging the receipt of the money so remitted by the Mukhtyárkar, act as provided in Rule 6.

In the case of other cattle-pounds the receipts shall in the first instance be credited as may from time to time be directed by orders in the Account Department and the surplus receipts made over twice a year under an order signed by the District Magistrate to the Local Body to whom they may have been assigned by Government orders.

12. The Deputy Collectors in charge of tálukas shall, as often as possible, examine all the registers and accounts kept by the pound-keepers and by the Mukhtyárkars within their charge. The Mukhtyárkars must, on their periodical tours, examine the registers kept by the pound-keepers and give the requisite instructions for their being correctly and neatly kept.

13. The pound-keepers will be remunerated out of the pound fund for their duties as pound-keepers according to the scale fixed by orders of the Local Government.

14. The District Magistrates will receive monthly statements of the receipts and disbursements for all the cattle-pounds in their districts in such form as they may consider necessary.

Joint payees and separate recognition of sharers.

19. If any pension or grant has been hitherto entered in the records in the joint names of two or more persons, or, if any division of a pension or grant has been recognized, and the shares entered separately in the names of the respective co-sharers, such entries may hereafter be continued; but no such new entries shall be made in the records except with the previous sanction of the Commissioner, which shall be given only under very special circumstances.

But Collectors may, on written application, sanction sub-divisions of pensions or grants by disbursing officers at the time of payment by special written order in each case.

Payment to joint-payees when their joint receipt is not obtainable.

20. Whenever in consequence of disagreements amongst joint-payees or for any other reason their joint receipt shall not be obtainable for any payment already due, the Collector may authorize such payment to be made to any one or more of such joint payees who are willing to pass a receipt.

Payees responsible for proper distribution of pension or grant to sharers.

21. The persons recorded as the payees of pensions or grants, and the persons to whom any payment may be made under the last preceding rule, are not necessarily entitled to appropriate the whole of such pensions, grants or payment to themselves, but are responsible for distributing the same to all co-sharers, or sub-sharers in the proportions to which they are respectively entitled.

Preparation of Descriptive Rolls.

22. Except, as is otherwise provided in Rule 23, a Descriptive Roll in the form of Appendix A, shall be kept by the disbursing officer of every payee entitled to receive payment of a pension or grant from him. A copy of such Roll

under the disbursing officer's signature shall be furnished to the payee for production by him at the time of each payment, which shall be noted therein in the manner shown in the form.

Inquiries into identity of claimants.

The person applying for payment must be indentified by comparison with the particulars given in the Descriptive Roll, and the disbursing officer should take every precaution against fraudulent personation. Descriptive Rolls and Life-certificates may be dispensed with in certain cases.

23. Descriptive Rolls and Life-certificates may be dispensed with in the case of natives of rank and pardah-posh ladies; but the disbursing officer will not on that account be exempt from the general responsibility which necessarily attaches to all payments.

[a] 23*A*. The disbursing officer shall, if the payee be able to write, obtain his signature in a book specially kept for the purpose, when he first presents himself to receive payment, and compare this signature with that in the receipt book at the time of each subsequent payment. A fresh signature book should be prepared every ten years.

[a] 23*B*. In every case in which the payee is not personally known to the disbursing officer, he shall be required to bring with him, when he comes to receive payment, a witness known to the disbursing officer to prove his identity. The witness shall, in token of his identifying the payee, affix his signature or mark below that of the payee in the receipt book. When the payee is personally known to the disbursing officer, no such witness shall be necessary, the disbursing officer himself putting his initials below the signature or mark of the payee in token of his identity.

[a]23*C*. It shall be the duty of the village officer to send to the Mámlatdár of the táluka early intimation of the death in his village of every recipient of a cash allowance or grant from Government. The Mámlatdár shall, on receipt of the intimation, note the fact in the Peta Kháteswahi (Táluka Forms Nos. 23 and 24), and in case the deceased held any allowance from any other treasury or treasuries, communicate the fact to the treasury or treasuries concerned.

Printed lists to be kept of sanctioned pensions and grants.

24. Each Commissioner will prepare under his signature lists in English and in the Vernacular of all pensions and grants in each Collectorate in his Division and furnish printed copies thereof to the Mámlatdárs, the Collectors, their Assistants and Deputies, the Accountant General and to Government.

Where such lists have already been prepared under the signature of the Alienation Settlement Officer, new ones need not be prepared.

A monthly statement of all proposed alterations in or additions to the said lists in consequence of decisions or orders passed during the preceding month affecting the same, shall be submitted by each Collector on such date as may be fixed for their submission in communication with the Accountant General, to the Commissioner, Central Division, who shall cause the same to be promptly scrutinized in his office, and after countersigning the same, shall cause duplicate thereof to be sent to the Accountant General with the orders of the Commissioner duly recorded thereon; and shall also direct that the lists in his own office and in the various offices in the Collectorate shall be corrected accordingly. The Accountant General shall also correct his lists in accordance with the duplicate copy of the statement so countersigned and forwarded to him.

No pension or grant shall be entered in, or struck out from, the accounts or the said lists, except with the previous sanction of the Commissioner.

Accounts to be kept by disbursing officers.

26. Disbursing officers will, on the 1st of May of each year, or as soon after as possible, prepare Ledgers (peta-khátáwahis) agreeably to the Táluka Forms Nos. 21 and 22 contained in Hope's Manual of Accounts and will keep Books in the Táluka Forms Nos. 11 and 12 contained in that Manual, and will be held responsible for the correctness of the entries in these Ledgers and Books and for their being properly filled in from time to time.

Issue of Sanads to payees of pensions and grants.

27. Sanads in the name of the Secretary of State for India in Council will be executed by the Collectors, as authorized in the Government of India's Resolution No. 684, dated 31st May 1878(1), Home Department (*vide* Government Resolution No. 3518, dated 14th June 1878, Judicial Department), in favour of the payee or payees for the time being of every pension or grant in respect of which the issue of such sanads has been or may hereafter be sanctioned by Government. Notn. No. 5753, Revenue, dated 14th December 1881, S. O. G., 1881, Pt. I, p. 597.

In exercise of the powers conferred on him by Sections 5, 8 and 14 of the Pension Act, XXIII of 1871, the Commissioner in Sind has, with the approval of Government, framed the following Rules in supersession of the rules published at pages 929 and 930 of the *Bombay Government Gazette*, in Notification dated 7th November 1873, and of all other rules and orders on the same subject hitherto in force in any part of the Province of Sind :—

RULES.

I.—Under Section 5.

Disposal of claims concerning service pensions.

1. Claims relating to pensions or gratuities on account of service, whether in the Civil, Military, Naval or any other Department of the administration, are to be inquired into and disposed of in such manner as may be directed in the Civil Pension Code, or in any rules or orders for the time being in force applicable to such pensions respectively.

Extent of applicability of rest of these rules.

2. Nothing in the rest of these rules applies to any pension, gratuity, or cash payment to which Rule 1 applies.

[a] 3. All claims preferred to a Collector under Section 5 of the Act shall ordinarily be disposed of by him with the sanction of the Commissioner, but whenever there is, in the opinion of the Collector, any very exceptional case of doubtful title, he may, with the previous sanction of Government, issue a certificate under Section 6 of the Act, authorising the Civil Court to try the same. Provided that no certificate shall be issued for any case which could not be decided by the Civil Court in favour of one or more of the parties thereto without making an order or decree such as it is prohibited from making by the said section.

Disposal of claims preferred under Section 5.

4. Except in the case provided for in the last paragraph of Rule 6, no claim by which the liability of Government to pay any pension or grant is affected directly or indirectly, shall be disposed of by a Collector without first obtaining the sanction of the Commissioner in Sind.

Previous sanction of the Commissioner in Sind when necessary to final order of disposal.

[b] 5. Any claim preferred to a Collector under Section 5 of the Act may be referred by him for inquiry and report to any Assistant or Deputy Collector or other officer subordinate to him, and every Assistant or Deputy Collector in charge of tálukas may receive claims on behalf of the Collector and forward the same, with his opinion after inquiry, to the Collector. No order disposing of any matter referred to an Assistant or Deputy Collector as aforesaid shall be passed by such officer on his own authority.

Reference of claims for inquiry to subordinate officers.

6. Claims relating to pensions or grants are to be disposed of in accordance with

Law, etc., to be observed in disposal of claims.

(*a*) the law, if any for the time being in force, applicable to such claims;

(*b*) the terms and conditions of the "Sanad" or other document, if any, under which such pensions or grants are enjoyed;

(*c*) the rules or orders of Government for the time being in force, if applicable to such claims.

But if any claim is brought, the subject matter of which has been already enquired into and disposed of by a competent authority, the Collector will merely record the fact of such previous decision and dispose of the claim accordingly.

II.—Under Section 8.

7. All payments of pensions or grants are usually to be made in one lump sum for the year commencing on the 1st May and ending 30th April; but applications for their payment by monthly or quarterly instalments may be considered and disposed of by the Collectors, subject to the sanction of the Commissioner in Sind.

Payments to be for the year commencing 1st May, but may be made in instalments.

---

[a] This rule was framed in modification of the orginal Rule 3, by Commissioner's Notn. No. 3628, dated 5th October 1900, *S. O. G.*, 1900, Pt. I, p. 405.

[b] This rule was framed in modification of the original Rule 5, by Commissioner's Notn. No. 3628, dated 5th October 1900, *S. O. G.*, 1900, Pt. I, p. 405.

Payment of arrears.

8. Pensions and grants, for the payment of which application is duly made at the proper period, will be paid in full, except in the case of payment being suspended, pending the orders of a Civil Court or pending enquiries by Government or by any officer of Government. But if, owing to non-application or other neglect on the part of the claimants, such payments fall into arrears, the pensions or grants will be paid as follows:—

For the current year in full.			
First year's arrears in full.			
Second	do.	subject to a deduction of	10 per cent.
Third	do.	do.	20 per cent.
Fourth	do.	do.	30 per cent.
Fifth	do.	do.	40 per cent.

(The "current year" means the year within which payment is properly due under Rule 13.)

Payment of arrears due to deceased persons.

9. Subject to the provisions of Rule 8, Collectors may authorize the payment of arrears due to a deceased person after such investigation as shall satisfy them

(*a*) of the actual date of such person's death, and

(*b*) that the applicant is entitled, as such person's legal heir or otherwise, to receive payment.

Pension or allowance not drawn for six years to lapse.

10. Any pension or grant for payment of which no application is duly made for more than six years, is to be struck off the books and all arrears forfeited. But if the pension or grant is held under a permanent or hereditary title, it may be re-admitted without payment of arrears if a claim thereto is duly preferred under Section 5 of the Act, within twelve years from the date of the last payment.

But in certains cases may be re-admitted.

Date of application for arrears to be noted.

11. The date on which the application for payment was made must be noted by the disbursing officer on all bills for arrears.

III.—Under Section 14.

Place of payment of pensions or grants.

12. Pensions or grants will be paid at the following places, namely:—

(1) If payable on behalf of a religious institution, at the Treasury of the District or Táluka in which such institution is situated.

(2) If payable on behalf of a religious institution in foreign territory, at the nearest Government Treasury.

(3) If the pension or grant is personal, at the Treasury most convenient to the recipient.

Orders for permitting transfers of payment under the above clause (3) will be made by the Collectors, if the transfer sought is from one treasury to another, within the same Collectorate; by the Commissioner in Sind, if the

transfer sought is from a treasury in one Collectorate to a treasury in another Collectorate within the same Division; and by Government in any other case.

Times of payment.

13. All pensions and grants shall be deemed to be due on the 1st May next after the completion of the year in respect of which they are payable, but shall ordinarily be payable only in the months respectively fixed or hereafter to be fixed, by or under the orders of Government for payment of pensions and grants of the various descriptions. But when payment in monthly or quarterly instalments has been directed by the Collector under Rule 7, payments will be made in accordance with such direction.

Persons to whom payments are to be made.

14. Pensions and grants will be paid only to those persons whose names have been authorizedly entered in the records as the payees thereof, or to their duly empowered Attorneys or Mukhtiars, or if they are minors to their Administrators.

Life certificates when necessary.

Except as is otherwise provided in Rule 22, payments will be made to an Attorney, Mukhtiar or Administrator only, on his satisfying the disbursing officer by the production of a certificate, signed by a Magistrate or by some other well known person of respectability, that the payee was living on the last day of the year or other period for which the pension or grant is due.

Payee in case of alienable pension or grant.

15. In the case of pensions or grants, which Government recognize as alienable, the name of the lawful holder for the time being shall, subject to the provisions of Rules 16 and 17, be entered in the records as payee.

Life certificate of original grantee or of his descendants when necessary.

But if any such pension or grant is continuable by Government only so long as the original grantee and certain of his descendants shall be in existence, and the payee has obtained a transfer of the same by sale, gift, mortgage or the like, such payee must produce at the time of each payment a certificate from the Mukhtyárkar of the Táluka or Mahál in which the original grantee or his descendants reside; or if their residence be in foreign territory, of some British Officer resident in the said territory, that such grantee or his said descendants (who should invariably be named) on whose behalf payment is claimed was, or were alive on the last day of the year or other period for which such payment is due.

Mutation of payees' names.

16. Applications for mutation of payees' names in the records shall be received and disposed of by the Collectors.

In the case of alienations, and

In the case of a transfer of any pension or grant which Government recognize as alienable, such mutation may be made on obtaining the consent in writing of the existing payee without further inquiry.

In case of death of former payee.

In the case of the death of the payee, the Collector may require the production by the applicant of a certificate of heirship and of such other evidence as he deems fit.

But whenever there is any dispute between conflicting parties, and whenever the Collector doubts whether the pension or grant is any longer continuable, the application shall be regarded by him as a claim under Section 5 of the Act, and shall be dealt with accordingly.

When application for mutation of names may be treated as a claim under Section 5 of the Act.

Any mutation of names rendered necessary by the decision in any claim under Section 5 of the Act, (including applications of the nature specified in the last preceding para. of this Rule), may be made by the Collector without further investigation.

Mutation of names consequent upon decision of claim under Section 5 of the Act.

17. As a rule, the name of one person only will be entered as payee of each separate entire pension or grant.

Whose name may be entered as payee.

In the case of two or more joint transferees of a pension or grant which Government recognize as alienable, they must elect which one's name shall be entered, and in the event of their failing so to do within such period as shall be fixed by the Collector, the Collector shall enter the name of such one of them as he deems fit.

In the case of joint transferees, and

In the case of joint heirs, the Collector will determine who is the eldest male representative of the senior surviving branch of the original grantee's, or of the transferee's family; or in the absence of male heirs, who is the senior heiress and enter his or her name as payee. Provided at the request of the person thus entitled to be entered as payee, the name of any other member of the family may be substituted by the Collector for that of the said person during such person's life-time.

In the case of joint heirs.

18. If any pension or grant has been hitherto entered in the records in the joint names of two or more persons, or if any division of a pension or grant has been recognized and shares entered separately in the names of the respective co-sharers, such entries may hereafter be continued; but no such new entries shall be made in the records, except with the previous sanction of the Commissioner in Sind, which shall be given only under very special circumstances. But Collectors may, on written application, sanction subdivisions of pensions or grants by disbursing officers at the time of payment by special written order in each case.

Joint payees and separate recognition of shares.

The disbursing officer shall, if the payee be able to write, obtain his signature, and if unable to write, his mark, in a book specially kept for the purpose, when he first presents himself to receive payment, and compare this signature or mark with that in the receipt book at the time of each subsequent payment. XXI. Nothing in these Rules shall be held to prevent the Agent or the Assistant Agents from availing themselves of the assistance of respectable natives in the decision of any suit coming before them. In such cases the Native Assessors will record their judgments severally in writing if they differ, otherwise will sign the common award. But the Agent or Assistant Agent, as the case may be, is in no way bound to decide according to such award.

XXII. The Agent may, for obvious reasons, as an error or omission being apparent on the face of the proceedings, or the discovery of new matter or evidence not previously within the knowledge or compass of the party, revise his decree, or cause one passed by any of the Assistants to be revised; and such revision may also be made at the instance of either plaintiff or defendant, at his discretion.

XXIII. A decree issued in the Agent's Court may be enforced in any Zilla or Political jurisdiction subject to the Bombay Presidency, under the general Rules thereof, and *vice versâ*. In respect to executing legal process, issued in his Court against persons residing within the limits of Her Majesty's Supreme Court in Bombay, the Agent will be guided by the provisions of Act XXIII of 1840 and Act XXXIII of 1852, and any other enactments which may be or become applicable to such cases.

XXIV. *First.*—Every suit originally tried by the Assistants shall be open to an appeal to the Agent, provided such appeal be made within (30) thirty days from the date of passing the decree; and the decree of the Agent shall in every such case be final.

Second.—Every suit originally tried by the Agent shall be open to an appeal to the Sadar Diwáni Adálat, if the appeal be made within the space of (90) ninety days from the date of passing the decree, and the decree of the Sadar Diwáni Adálat shall be final.

Third.—It shall, nevertheless, be competent to the Agent, after the expiration of the prescribed period, if the appeal is to himself, to grant the same upon sufficient cause being shown, and if it is to the Sadar Adálat, to admit it temporarily, subject to the decision of that Court; and to enable the Sadar Diwáni Adálat to decide upon the admission or rejection of the reasons set forth, the Agent shall for that purpose cause inquiry to be made and endorse the same, together with his opinion upon the petition, and forward the same to the superior Court.

Fourth.—The appeal to the Sadar Diwáni Adálat may be made either to the Agent or to that Court direct. In the one case the Agent shall cause the established fees to be levied (excepting in the case of parties who, having been allowed to sue in *formâ pauperis* in the original suit, may be permitted also to appeal in the same matter) from the party appealing, and shall forward the petition, accompanied by a receipt, to the Appellate Court. If the petition is made direct to the Superior Court, the fees shall be levied upon its transmission to the Agent's Court; and so with regard to execution of all other process directed by the Appellate Court.

XXV. The provisions of Regulation XXVI of 1827 are declared to be applicable to all Kázis within the same district.

Criminal Branch.

CHAPTER III.

Magisterial.

XXVI. *First.*—The Agent shall exercise the functions of a Magistrate throughtout the territory subject to his control, and he shall co-operate with the different Zilla Magistrates, or with any constituted Political authority under the Bombay Presidency, with regard to the procuring evidence, furnishing information, securing offenders, and executing process in general; the Agent referring disputed points of jurisdiction or of process for determination to the Judges of the Sadar Faujdári Adálat.

Second.—And in the case of witnesses residing or process requiring to be served within the local limits of Her Majesty's Supreme Court of Bombay, the Agent will be guided by the provisions of Act XXIII of 1840, or other subsequent and applicable Acts.

XXVII. *First.*—Heads of villages shall be named by the Agent throughout the exempted districts, and shall be furnished with a Commision by him for the superintendence and police control of their respective villages, and the powers and functions of such heads of villages shall be those specified in Chapter V of Regulation XII of 1827.

Second.—The Agent shall exercise control over all the officers employed in the Police, whom he may suspend or fine for neglect of duty; and bribery, extortion, or abuse of power shall be treated as criminal offences. XXVIII. *First.*—In exercising the functions of Magistrate, the Agent will, in so far as they are practicable, take for his guidance the general rules laid down in Chapters II, III and IV of Regulation XII of 1827, as they may be modified by subsequent enactments, and explained by interpretations passed from time to time by the Judges of the Sadar Faujdári Adálat.

Second.—And whenever mention is made of the powers and jurisdiction of the Magistrate in those chapters, the said powers are to be held, as regards the Agent, to be commensurate with the absolute criminal jurisdiction conferred upon him by the Governor in Council, and any sentence passed by the Agent in excess of that shall be referred to the Sadar Faujdári Adálat.

XXXII. In all trials, however, the decision of the Court shall rest exclusively with the Agent.

Second.—With the view of selecting Assessors to sit with him in the trial of serious cases, the Agent shall be authorised to call upon any of the respectable inhabitants of the districts of Nandurbár, Sultánpur and Kukarmunda as may from known respectability of character be qualified to act as Assessors.

XXXIII. It being necessary that the persons selected to act as Assessors shall promptly attend the Agent's summons, it shall be competent to the Agent in the event of needless delay or refusal of the party summoned to attend, to treat that offence as a contempt of Court.

XXXIV. A prisoner placed upon trial for a capital offence in the Agent's Criminal Court may, upon good cause shown, be permitted to challenge the names of the Assessors; and if the challenge be admitted by the Court, other Assessors shall be directed to attend.

XXXV. The absolute jurisdiction of the Agent in criminal cases shall extend to fine and imprisonment for (5) five years, with or without hard labour; and sentences involving a punishment beyond that period, or of greater severity, must be submitted for the confirmation of the Sadar Faujdári Adálat.

XXXVI. Sentence shall not be passed by the Agent's Court awarding sentences of transportation, except in cases wherein transportation for life may be a punishment not too great for the offence committed.

XXXIX. The rules given in Sections 34, 35 and 36 of Chapter VI of Regulation XIII of 1827, for the examination of witnesses, the penalties for non-appearance of witnesses, and the subsistence of witnesses, shall be held applicable to the Agent's Court, as the same may be modified by subsequent enactments or the practice of the Honourable Company's Courts of Session; provided that all evidence received in any trial before the Agent shall be taken afresh, any previous depositions given before subordinate police authorities notwithstanding.

XL. The Agent may grant a pardon to an accomplice, in the manner laid down in Clause 5 of Section 34 of Regulation XIII of 1827; and the accomplice so admitted to give evidence shall be liable to the same rules in giving testimony to which other witnesses are liable.

XLI. The competency of witnesses shall be determined by the rules laid down in Section 38 of Regulation IV of 1827, and the Agent, under the provisions of Clause 3, Section 16, Regulation XIV of 1827, shall report to the Judges of the Sadar Faujdári Adálat the case of a witness committing perjury before him, and the Sadar Faujdári Adálat shall direct to what tribunal the case shall be referred for trial.

XLII. *First.*—The provisions relative to the defence of prisoners and their sentence in the Agent's Criminal Court shall be those prescribed in Sections 37 and 38 of Chapter VI of Regulation XIII of 1827, as modified by subsequent enactments, and explained by interpretations of the Sadar Foujdári Adálat. If the sentence include a punishment coming within the jurisdiction appointed for the Agent, the warrant shall be addressed under his seal and signature to the[a] Superintendent of the Dhulia Prison [a] and shall specify the period for which the prisoner is to be confined, and whether the imprisonment is to be simple or to be accompanied with hard labour.

Second.—At the expiration of the time included in the warrant, or immediately, if the prisoner should die or escape, the [a]Superintendent of the Dhulia Prison [a] shall certify by endorsement, and return the warrant to be deposited in the records of the Agency, and in all cases of warrants issued by the Sadar Faujdári Adálat the Agent shall certify the execution to that Court.

Third.—And in the event of a sentenced prisoner effecting his escape while within his custody, the Agent shall report the circumstances to the Sadar Faujdári Adálat.

XLIII. *First.*—If the punishment deemed to be suitable by the Agent shall exceed his own absolute jurisdiction, he shall record the punishment he would award, but shall forward the case in original to the Sadar Faujdári Adálat, which Court shall proceed to take cognizance of the case and to pass such sentence or orders as they may think proper, and the instructions conveyed to the Agent from the superior Court shall be carried into effect by him.

---

[a] The words "Superintendent of the Dhulia Prison" were substituted for "Sessions Judge in Khándesh" by Govt. Notn. No. 4863, Judicial, dated 10th July 1899, *B. G. G.*, 1899, Pt. I, p. 1099.

Second.—And in the event of a sentence passed by the Agent being referred for the confirmation of the superior Court, the prisoner shall be kept in simple confinement, under a warrant addressed to that effect to the officer deputed to officiate as Názir, which temporary warrant shall give place to the final orders of the superior Court.

XLIV. The Sadar Faujdári Adálat shall be empowered to call for the Agent's proceedings in any case, on petition being made to that Court by any party against whom a sentence may have been passed by the Agent, and the Sadar Court may hereafter proceed according to the provisions of Section 4 of Act XI of 1846.

XLV. Prisoners shall, as occasion may require, and in case of sentences for lengthened periods, be transferred for confinement to the Jail at Dhulia.

XLVI. The Right Honourable the Governor in Council is pleased to declare that the crimes and offences specified in Regulation XIV of 1827 and all subsequent enactments, together with the punishments applicable thereto, are hereby promulgated for the territory subject to the control of the Agent as coming within his jurisdiction, and the Agent shall in all cases be guided by the provisions of that Regulation, as modified by subsequent enactments or explained by interpretations passed from time to time by the Judges of the Sadar Faujdári Adálat.

XLVII. And with the view of seeing that the foregoing rules are properly attended to, it shall be the duty of the Judicial Commissioner (when deputed by special orders of Government) for the Deccan and Khándesh to visit these excepted districts, on his tour of circuit, and to notice the result of his visit in his report.

XLVIII. The Assistant Agents shall have the powers of Assistant Sessions Judges, and shall be guided by the Rules laid down for the Agent, to whom appeals against their decisions will lie.

(b) Every license issued under clause (a) of this rule shall permit the holder only to hunt and shoot, and shall be valid for a period of one year from the date of its grant in any Reserved or Protected Forest in the Presidency to which these rules are made applicable under clause (a), subject to the condition that before it has effect in any Forest Division in which the licensee does not reside or exercise any jurisdiction, it must be countersigned by the Divisional Forest Officer.

(c) No such license shall entitle the holder to hunt or shoot more than two stags or bulls of each species of animal to be specified in the license, according to a list to be prepared for each Forest Division by the Conservator of Forests.

4. Licenses shall not be refused except for special reasons to be stated in writing.

5. Wounded game may be pursued into the forests of the Division adjoining that for which the license is valid or into a forest closed under Rule 8.

An appeal against the cancellation of the permission or the license by the Divisional Forest Officer shall lie to the Collector, and a second appeal, in case of dismissal of the appeal by the Collector, to the Commissioner whose decision shall be final.

10. In any case where the Divisional Forest Officer or Conservator thinks it advisable, he may direct that the Forest Guard or other person shall accompany the camp of any license-holder hunting or shooting in forests, with the object of seeing that forest rules are not infringed by camp followers.

11. The word "hunting" as used in these rules, includes tracking for the purpose of discovering the lie of wild animals, provided that any person holding a license is not prohibited from employing any number of trackers.

12. Nothing in these rules shall be taken to exempt any person from liability in respect of any offence by injury to the forest or its produce or of any other offence punishable under the Indian Forests Act, 1878 (VII of 1878), as amended by the Forest Act, 1890 (V of 1890).

previous rules on the same subjects, for prescribing and limiting the powers and duties of Forest Officers under the said Act:—

1. Forest administration, as a branch of land revenue administration, is under the chief controlling authority which, by Section 4 of the Bombay Land Revenue Code, 1879, is vestel in the Commissioner, subject to the Governor in Council. All Forest Officers, as well as Revenue Officers, who are concerned in the management of forests, are therefore subject in all matters relating to forest administration to the Commissioner.

2. The Collector of each district, in subordination to the Commissioner and subject to the orders of Government, is responsible for the due management of the forests therein; and for this purpose all Forest Officers within the district shall be subject to the orders of the Collector. Divisional Forest Officers will be assistants to the Collector for forest purposes.

All Divisional Forest Officers and their subordinates shall in all but purely technical matters be subordinate to the Collector of the district in which they are serving.

3. The duties and powers of Assistant and Deputy Collectors in charge of tálukas in respect of forest matters shall be regulated by the same provisions which are laid down in Section 10 of the Bombay Land Revenue Code, 1879, in respect of revenue administration generally.

4. Subject to the other provisions of these rules, each Conservator of Forests in his own circle or Deputy Conservator in independent charge of a circle is invested with the direction of all professional operations of technical forestry.

5. Except in so far as is otherwise directed in rules or orders of Government, the departmental control of all Forest Officers in a circle vests in the Conservator of Forests of that circle, or in that of the Deputy Conservator in independent charge of a circle.

6. Divisional Forest Officers shall, in the posting and distribution of the subordinate forest establishment, comply with any orders they may receive from the Collector.

7. No appointments to offices higher than that of Round Guard shall be made by the Conservator or other Forest Officer without consulting and obtaining the consent thereto of the Collector of the district.

8. In all matters relating to local supply[a] including that of grass and grazing[a] or the rights and privileges of the people in or in respect of forests, orders shall be issued by the Collector alone and not by any Forest Officer, and such orders shall be communicated to those concerned through the ordinary revenue channels.

This rule applies also to pastures and fodder reserves, the management and control of which is vested exclusively in the Collector, subject to the orders of the Commissioner and of Government, and with respect to which the Conservator of Forests is to act in the capacity of consultative officer only, advising and giving his opinion on all questions of a professional or technical character referred to him by any of the said authorities.

With reference to clause (*a*) of No. 2 of the foregoing rules the Governor in Council is pleased to publish, for general information, the following rules made by the Collector of Thána, in exercise of the power conferred by Section 44 of the Bombay Land Revenue Code, 1879, for regulating the exercise of the privilege of cutting firewood and timber for domestic or agricultural purposes conceded, under the terms of the Survey Settlement extended to the villages formerly comprised in the Sanján and Kolwan Tálukas of the Thána District named in the list annexed to the foregoing rules, to the occupants of varkas lands subject to the said Settlement and to their tenants (namely) :—

1. The said concession did not extend to teak, tiwas or blackwood trees (which are hereinafter called "the excepted trees"), and persons exercising the privilege must not remove, destroy, lop or in any way injure any tree of any of those three descriptions.

2. The said concession did not extend to the removal of any tree or of any portion of a tree for the purposes of sale or trade, and persons exercising the privilege must do so only for their own *bonâ-fide* domestic or agricultural purposes.

3. Persons exercising the privilege for the purpose of obtaining *ráb* must not cut the leading shoot (*shenda*) of any tree which they lop for this purpose, nor touch young shoots or seedlings.

4. Persons entitled to exercise the privilege may, without previously obtaining permission, do any of the following things in any varkas land in their respective occupation, provided that the wood, etc., gathered or cut is for use within the limits of the village in which the gathering or cutting is made (viz.) :—

(1) gather fallen dead wood and, if that is insufficient, cut wood from any but the excepted trees, for firewood;

(2) cut wood from any but the excepted trees or bamboos for the purpose of making or repairing any agricultural implement;

(3) cut branches for *ráb* from any but the excepted trees;

(4) cut thorny bushes or bamboos for hedges.

5. If any person entitled to exercise the privilege desires to cut wood from any but the excepted trees, or bamboos, in any varkas land in his occupation, for building purposes, whether the wood or bamboos are to be used within the limits of the same village in which they are cut or elsewhere :

and if any such person desires to do, in any varkas land in his occupation in one village, any of the things mentioned in Rule 4 for the purpose of conveying the wood, etc., so gathered or cut to, and using the same in any other village in which he has a house or land, he must first of all obtain permission.

6. The permission requisite under the last preceding rule may be granted as follows :—

(*a*) for cutting wood for building purposes; (*b*) for cutting and removing bamboos to another village for any purpose; (*c*) for gathering or cutting and removing firewood to another village in any quantity exceeding in the aggregate ten cart-loads for any one household during one year;	by the Assistant or Deputy Collector in charge of the táluka;
(*d*) for any other purpose;	by the Mámlatdár or Mahálkari.

But applications for permission may in every case be received and inquired into by the Mamlatdár or Mahálkari, who, if necessary, will obtain the order of the Assistant or Deputy Collector thereon.

7. Every application for permission under Rule 5 must be in writing and must contain the following particulars :—

(*a*) the name, caste and residence of the applicant;

(*b*) the village and survey number in which the wood, etc., is to be gathered or cut, and the name of the registered occupant;

(*c*) when wood is to be cut or removed, the kind of trees, their number and dimensions, and their estimated value;

(*d*) when firewood, bushes or bamboos are to be removed, the number of cart-loads;

(*e*) the time within which it is proposed that the wood, etc., shall be cut and removed;

(*f*) the village to which the wood is to be taken, if wanted for transport, and the route by which it is to be taken;

(*g*) the object for which the wood is required.

8. When permission is in any case given under Rule 5, a pass in the form hereto annexed will be prepared in four parts, of which one will be retained by the Assistant or Deputy Collector and three will be sent to the Mámlatdár or Mahálkari, who will keep one himself, send one to the forest ranger, and deliver one to the applicant. If the Mámlatdár or Mahálkari himself gives the permission, one part will be unused.

A pass granted under this rule will not render unnecessary any pass required by the rules in force in the Forest Department.

9. Permission shall not be granted for the cutting or removal of any wood, etc., of an amount which the officer empowered to grant permission deems unnecessarily large; and the said officer shall enter in the pass such limit of time as he considers reasonable within which the cutting or removal permitted by him shall be completed; and if such cutting or removal is not completed within the time so prescribed, the pass shall nevertheless cease to be in force and application must be made for a fresh pass before any further cutting or removal is made.

Permit to cut or remove wood, etc., from occupied land.

in the open market under the Local Authorities Loan Act of 1879, or of any person specially authorized by Government in this behalf, to inspect such works and the accounts connected therewith at such intervals as Government or the Chief or the Superintending Engineer may direct.

IV.—Such inspection shall ordinarily be conducted twice a year, and shall be chiefly directed to ascertaining that the quantity and quality of the work executed and the progress made in construction are fairly commensurate with the outlay charged in the accounts.

V.—To enable this to be done, each Local Authority shall cause a continuous record of expenditure to be maintained, and posted monthly in the Public Works Department "Register of Works"—Form B appended to these rules. The measurements for the month and for the year, and up to date must be shown for each item, but corresponding expenditure on items need only be given for those works estimated to cost over Rs. 10,000. The expenditure for the work for the month, the expenditure for the year, and the total expenditure should be shown. Columns should be provided for "Materials at site" and for liabilities. With the above information the quantities and cost (calculated on the normal cost system) may, at any time, be compared with the estimate. With the sanction of Government the account forms may be modified, and actual expenditure by items omitted in any special cases in which this is deemed desirable.

Note.—This form and the method of posting it will be found at pages 167 to 170, Government of India, Public Works Department, Form Book, Part I. A supply of working forms can be obtained from the Government Central Press.

Note.—A description of the normal cost system is given in Public Works Code, Chapter XII, paragraphs 58 and 102.

VI.—Every deviation from any project as sanctioned which in the opinion of the Inspecting officer is likely to entail any increase in the outlay exceeding five per cent. on the estimates approved, or to impair, or diminish the utility of the works under construction, shall be reported to Government and also to the Local Authority authorized to raise the loan, and no such deviation shall in any case be proceeded with without the sanction of Government and of such Local Authority, or otherwise than in accordance with such requirements as Government or such Local Authority, with the approval of Government, may impose as to additions, alterations and amendments in the estimates.

VII.—Every Inspecting officer shall furnish the Chief or Superintending Engineer with a brief report of the inspections performed by him with such remarks on the construction and progress of the works as he may deem necessary. The Chief or Superintending Engineer shall bring to the notice of Government any points on which the orders of Government are considered to be necessary.

VIII.—The Accountant General shall be entitled to inspect the accounts of any loan work in progress, with a view to ascertaining the correctness of the annual return prescribed in Rule XI. The Accountant General is also authorized to conduct a test audit of the loan accounts of a Local Authority in such detail as he may consider necessary, in order to secure the due execution of these rules.

IX.—In regard to the loan accounts of Local Authorities whose accounts are subject to an official audit by the Accountant General, the test audit shall be conducted by the Outside Audit Branch of the Accountant

Short Title.

1. These rules and orders may be cited as "The Bombay Factories Rules, 1892."

Interpretation.

2. In these rules and orders:

(*a*) words and expressions which are defined in the Indian Factories Act, 1881, as amended by Act XI of 1891, have the same meaning as in the said Act, as so amended;

(*b*) "the Act" means the Act aforesaid, amended as aforesaid;

[a](*c*) "Joint Inspector" means any Medical officer appointed by the Governor in Council to be an Inspector under the Act;

[a](*d*) "Chief Inspector" means—

(i) in the City of Bombay the Inspector from time to time indicated under Section 3 as the authority to whom Inspectors other than Joint Inspectors in the city of Bombay shall be immediately subordinate, and

Every occupier of a factory shall, on every day on which work is carried on in the factory he occupies, have available at the said factory, for the use of the persons employed therein, free of cost to them, a water-supply consisting of at least twice as many gallons of water as there are persons employed in the factory. Of the whole supply, at least as many gallons as there are persons employed in the factory shall be fit for potable purposes and the remainder shall be fit for purposes of washing.

The reasons for waiving the rule shall, however, be recorded in writing.

Prevention of inhalation of dust generated in certain factories.

6. If in a factory where cotton-pressing or any other process is carried on, by which dust is generated and caused to be inhaled by the persons employed in such factory to an injurious extent, and it

Preliminary.

Short title.

1. This Order may be cited as the "Bársi Tramway Order, 1892."

7. The tramway authorized by this Order is a single line, with necessary passing-places, to be laid from the town of Bársi to the Bársi Road Station of the Great Indian Peninsula Railway Company, a distance of less than 22 miles, on the Bársi Karduwádi Road, hereinafter called "the Municipal Road," which vests in the Municipality of Bársi, and on the road from Bársi to the said Station, hereinafter called "the provincial road," which vests in Government, but of which a portion lies within the limits of the said Municipality. The junction with the Great Indian Peninsula Railway will be effected on land on the north side of the Bársi Road Station now in the possession of the Great Indian Peninsula Railway Company, and a length of about 560 yards of the tramway line lies within that Company's land. The alignment of the tramway leaves that Company's land at the north end of the railway triangle and runs northwards for 275 yards where it meets the provincial road between road bridges Nos. 2 and 3 at road mileage 0—591 yards. Thence it passes along the north side of the road and is situated entirely within the road boundaries up to road mileage 20 miles 1,646 yards, whence it diverges to the south, stopping within the limits of the Bársi Municipality. His Highness the Nizam's territories are entered on the bridge over the Sena river at road mileage 8 miles 590 yards, and are left at road mileage 14 miles 968 yards; the boundary of the Bársi Municipality is crossed at road mileage 19 miles 270 yards, and the terminal station and sidings lie wholly within municipal boundaries.

(3) if any addition to the existing width of the metalled surface of the road is rendered necessary by compliance with the terms of this Order, or if any addition to, or alteration of, any bridge is, in the opinion of the Government Engineer in charge of the road, rendered necessary by the tramway, the same shall be carried out by and at the cost of the Promoters to the satisfaction of the said Engineer; and

(4) at no point on the metalled road shall there be more than one line of rails; any loop lines, turn-outs, or sidings that may be required must therefore be placed elsewhere than on the metalled portion of the road.

As to Extensions.

43. The Governor in Council reserves to himself all rights connected with all extensions of the tramway.

43. The further conditions, to which the construction of the said tramway is subject, have been accepted by the Promoters in their letter No. 3-362, dated 21st July 1892, as communicated to them by letter No. 1406, dated 16th July 1892, as follows, *viz.* :—

Letter from Lieut.-Colonel F. FIREBRACE, R.E., Secretary to Government, Public Works Department, Railway, No. 1406, dated 16th July 1892, to Messrs. J. S. ALSTON, N. N. WADIA, C.I.E., H. H. MITCHELL, C. MORRIS, and E. R. CALTHROP.

GENTLEMEN,—With reference to previous correspondence on the subject of the Bársi Steam Tramway project I am directed to state that the Governor in Council considers that the requirements of the traffic between the Bársi Road Station and the Town of Bársi would best be met by the construction of a branch railway on the same gauge as the main line [Great Indian Peninsula Railway]. But as in the course of the correspondence expectations have been held out to the Promoters that their application for permission to construct a steam tramway on a gauge of 2½ feet would be granted, and as the Promoters have elaborated a project on that understanding, the Governor in Council is prepared to sanction their application, subject to the conditions that will be specified in an order to be published hereafter under the provisions of the Indian Tramways Act [Act XI of 1886] and to the further conditions mentioned below. A copy of the draft of the proposed order is attached to this letter. The draft order is subject to modification before it is made absolute as prescribed in Section 6 of the Indian Tramways Act.

2. There is some reason to doubt whether a tramway on the gauge proposed will sufficiently accommodate the traffic offering. Power is accordingly reserved to Government to construct, or to authorize the construction by other agency of, a branch railway between Bársi Road Station and Bársi Town on the standard gauge, whenever in the opinion of Government the construction of such a railway is desirable. The Promoters will be given in the first instance the option of constructing such a standard gauge line at their own cost on such conditions as may be specified by the Governor in Council whenever the construction of such a line may have been determined on. In view of this condition and contingency it is for the Promoters to consider whether they will proceed with the steam tramway project, or in lieu thereof, at once apply for a concession for the construction of a standard gauge line.

3. The project, as finally submitted by the Promoters, is in many respects of the nature of a railway. It is therefore obligatory on Government to prescribe conditions for its construction and working in addition to those that may be imposed under the Indian Tramways Act. It is stipulated accordingly that all or any of the provisions of the Indian Railways Act [Act IX of 1890] may, from time to time at the discretion of Government, be applied to the tramway. It is further stipulated that the Promoters shall be bound to carry out such orders as Government may see fit to issue regarding the alignment of the tramway, the location of stations and the introduction of a telegraph; and to provide such station accommodation, signals, fencing, level crossings, gates, gate-lodges and gate-keepers, and such other establishment and appliances as Government may consider necessary for the proper working of the tramway and may from time to time direct. The Promoters are also required to provide seven-tenths of the cost of any police force that may be employed by Government on the tramway. And all rights connected with extensions of the tramway are reserved to Government.

4. The rates and fares and other charges for the conveyance of goods and passengers on the tramway prescribed in the draft order have been fixed in assimilation with those that are ordinarily charged on branch lines in this Presidency worked in connection with main lines of railway including the Baroda State branch lines [2½ feet gauge] worked by the Bombay, Baroda and Central India Railway Company.

5. Complete plans for the project as actually sanctioned must be submitted and have received the approval of Government before the work of construction is begun.

6. Further, I am directed to say, with reference to your letter No. 3—308, dated 21st June 1892, that the Governor in Council is pleased to admit the sum of £4,650 sterling under clause 37 (3) of the draft order, as legitimate expenses incurred by the Promoters in the preparation of this project.

7. I am to request a reply to this letter informing Government whether or not all the conditions mentioned therein and in the copy of the draft order attached are accepted by the Promoters.

Control and Management.

1. For the control and management of the school, Government will appoint a Superintendent and a Committee of Visitors. A Hospital Assistant will also be attached to the school.

The Superintendent and the School-staff.

2. In all matters, in respect of which the Superintendent is not invested with sole authority, he shall be subordinate to the Director of Public Instruction and shall obey the orders of that officer.

3. He shall live in quarters provided for him, and shall devote himself solely to the management of the school and shall not engage in any other business or pursuit.

4. He shall furnish such security as the Director of Public Instruction shall from time to time consider necessary.

5. The clerk, the teachers and the chief warder of the school will be appointed by the Director of Public Instruction. Every other subordinate officer in the school will be appointed by the Superintendent.

6. Each trade-instructor of the school shall be required to give at least thirty days' notice of his intention to resign his situation, and, as a security for his doing so, shall be required to deposit in the hands of the Superintendent either the amount of one month's pay or a bond for the amount of one month's pay, signed by a surety as well as by the trade-instructor. In the event of any trade-instructor throwing up his employment without having given notice as above, the amount of the bond in the one case or the cash deposit in the hands of the Superintendent in the other shall be forfeited to Government.

7. It shall be the duty of the Superintendent to see that every member of the staff is possessed of tact, patience and good temper. Officers of any rank, including also trade-instructors and school-masters, found wanting in these qualities, shall have their services at once dispensed with, for, in dealing with boys, more specially with lads of the class detained in a Reformatory School, such qualifications are absolutely indispensable. Every case, therefore, of violence by a school-officer towards a scholar shall be immediately reported

to the Superintendent, who shall take such action thereupon as he shall be authorized to take under these rules and as he shall think expedient.

8. The Director of Public Instruction may suspend or dismiss any subordinate official of the school for dishonesty, inefficiency or misconduct disqualifying him for office.

9. The Superintendent may suspend or remove any subordinate officer, except the clerk, the teachers and the chief warder. He may, in the case of serious misconduct on the part of any one of the officials abovenamed, suspend him, and in such case, or whenever necessary, appoint any person to perform temporarily the duties of the officer, reporting his proceedings to the Director of Public Instruction. The Director of Public Instruction and the Superintendent, before dismissing any officer, shall record the charges against him, the answers made by him (which, if possible, shall be in writing) to each charge, and the reasons for dismissal.

10. All the proceedings of the Superintendent under the last preceding rule shall be subject to the control of the Director of Public Instruction who may act either on his own motion or on the receipt of an appeal from any person who considers himself aggrieved.

11. The Superintendent shall keep a report book, in which he shall make a note of all occurrences of importance and of any matters which he may think proper to bring to the notice of the Committee of Visitors or of the Director of Public Instruction. He shall also keep such registers of admissions, licenses, releases and such accounts as may be prescribed by the Director of Public Instruction.

12. He shall submit such returns as may be required by the Director of Public Instruction.

13. He shall draw up as soon as possible after the close of each year a report referring to all subjects of interest and giving a brief account of the working of the school during the year. The report shall then be printed and copies of it circulated to the members of the Committee of Visitors who shall one week after such circulation meet together and forward the report with their remarks to the Director of Public Instruction for submission to Government.

14. Subject to the authority of the Director of Public Instruction the Superintendent will have the executive management of the school in all matters relating to internal economy, discipline, industrial training, work, teaching, punishments, rewards, expenditure and general control.

15. It shall be his duty to be constantly present with the boys during work-hours, and to acquaint himself with the conduct and character of each boy and his progress in industrial training. He shall also pass a certain amount of time in the school-room.

16. It shall be the Superintendent's duty to be present both when the dormitories are locked up for the night and when they are unlocked in the morning. If, owing to illness or other cause, he is unable to perform this duty, he may delegate it to the chief warder, noting the fact at the same time in his report book.

17. During the night the keys of the dormitories and cells shall be kept in the Superintendent's quarter, and on no account shall they be removed without his permission.

18. The Superintendent shall see that a warder is always on duty by day and by night at the entrance-gate. In the day time a warder shall patrol within the enclosure, and at night a warder shall be on duty in the verandahs of the cells.

19. The Superintendent shall report to the Director of Public Instruction, as they occur, all escapes and recaptures, all serious breaches of the rules of the school, all suicides and accidental deaths, all outbreaks of epidemic diseases and the measures taken to prevent their spread.

20. All cases of death shall at once be reported by the Superintendent to the nearest Magistrate for judicial enquiry, who shall thereupon enquire into the cause of such death and make a written report thereon to the Director of Public Instruction.

21. The Superintendent shall satisfy himself by frequent inspections of the books and of the prisoners' food, and by enquiry into the bázár rates, that the full amount of food is purchased, that the rates are reasonable, and that the boys obtain their full rations.

22. The monthly bills of expenses of every description in connection with the school shall be submitted by the Superintendent to the Educational Inspector, C. D., by whom they shall be audited.

23. The Director of Public Instruction is authorized to sanction any item of expenditure in connection with the school, not exceeding Rs. 500, for which provision has been made in the budget.

24. All expenditure in connection with the school shall be incurred by the Superintendent, subject to the full control of the Director of Public Instruction, who will submit annually to Government, through the Accountant General, at the time and in the form prescribed from time to time by Government, a budget estimate of the charges of the maintenance of the school.

25. The Superintendent shall keep a constant watch over the receipts and expenditure of the school, shall satisfy himself by frequent inspections that the registers and books are written up, that the cash balances correspond with those entered in the books, that the daily entries are made in the day books and that outstandings are not allowed to accumulate. He will be held responsible for any defalcation on the part of the school-staff, if it be shown that such defalcation was rendered possible by negligence on his part.

26. The Superintendent shall hold a muster of all the boys every Sunday or at other convenient time during each week, hear complaints and attend to them, and see that every boy is provided with proper clothing and bedding.

27. All youthful offenders confined in the school shall be numbered in a consecutive series from one upwards, and shall be provided with a uniform and distinctive dress consisting of a neat and checked pattern.

28. On the admission of a youthful offender to the school, his clothing and other perishable articles received with him may, at the discretion of the Superintendent, be sold by auction, the money thus realized being carried to the youthful offender's credit, by a red-ink entry, initialled by the Superintendent, in the cash column of such register of the private effects of the mates of the school as may be prescribed from time to time by the Director

of Public Instruction. All moneys realized under this rule shall be deposited in the local savings bank in the manner provided in Rule 53.

29. Wherever a youthful offender whose sentence has not expired appears to the Superintendent to be above the age of 18 years, he shall intimate the same to the Director of Public Instruction with a view of having the necessary report made to Government for an order under Section 13 (1) of the Reformatory Schools Act.

30. In exercise of the powers conferred by the Indian Stamp Act, 1899 (II of 1899), as applied to the Cantonments of Deesa and Bhuj, the Governor General in Council is pleased to make the following rules under the said Act for the said Cantonments:—

RULES UNDER THE INDIAN STAMP ACT, 1899.

CHAPTER I.

Preliminary.

Definition.

1. In these rules, the expression "the Act" shall mean the Indian Stamp Act, 1899, as applied to the Cantonments of Deesa and Bhuj.

Kinds of stamps.

2. There shall be two kinds of stamps for indicating the payment of duty on instruments chargeable with duty under the Act, namely:—

(*a*) impressed stamps, and

(*b*) adhesive stamps.

CHAPTER II.

Of Impressed Stamps.

Hundis.

3. (*1*) Hundis, other than hundis which may be stamped with an adhesive stamp under section 11 of the Act, shall be written as follows, namely:—

(*a*) A hundi payable otherwise than on demand, but not at more than one year after date or sight, and for an amount not exceeding rupees thirty thousand in value, shall be written on paper on which the necessary stamp bearing the word "Hundi" has been engraved or embossed.

(*b*) A hundi for an amount exceeding rupees thirty thousand in value, or payable at more than one year after date or sight, shall be written on paper supplied for sale by the Government, to which a label has been affixed by the Superintendent of Stamps at Bombay or Karáchi and impressed by such officer in the manner hereinafter prescribed by rule 10.

(*2*) Every sheet of such paper shall be of a size not less than $8\frac{5}{8} \times 5\frac{1}{8}$ inches, and no plain paper shall be joined to it.

(*3*) The provisions of sub-section (I) of rule 6 shall apply also in the case of hundis.

Promissory notes and bills of exchange.

4. A promissory note or bill of exchange shall, except as provided by Section 11 of the Act, and by these rules, be written on paper, on which the necessary stamp, with or without the word "Hundi", has been engraved or embossed.

Other instruments.

5. Every other instrument chargeable with duty shall, except as provided by section 11 of the Act, be written on paper, on which the necessary stamp, not bearing the word 'Hundi' has been engraved or embossed.

Provision where single sheet of paper is insufficient.

6. (*1*) Where two or more sheets of paper, on which stamps are engraved or embossed are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

(*2*) Where a single sheet of paper, not being paper bearing an impressed hundi-stamp, is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument:

Provided that in every such case the side of the sheet which bears the stamp shall be covered by a substantial part of the instrument before any part of the latter is written on the plain paper joined to such sheet.

One-anna impressed stamps.

7. The duty payable on any instrument which is chargeable with a duty of one anna under the Act may be denoted by a coloured impression marked on a skeleton form of such instrument by the Superintendent of Stamps at Bombay or Karáchi.

Mode of affixing and impressing labels.

10. (*1*) The proper officer shall, upon any such instrument, as is referred to in rule 9, being brought to him before it is executed, and upon application being made to him for that purpose, affix thereto a label or labels of such value as the applicant may desire and pay for, and impress such label or labels by means of a stamping-machine, and also stamp or write on the face of the label or labels the date of impressing the same before returning the instrument to the applicant. In the case of instruments written on parchment, the labels shall be further secured by means of metallic eyelets.

(*2*) On affixing any label or labels under this rule, the proper officer shall, where the duty amounts to rupees five or upwards, write on the face of the label or labels his initials, and where the duty amounts to rupees twenty or upwards, shall also attach his usual signature to the instrument immediately under the label or labels.

Supply of deficient duty on transfer of share.

13. When any instrument of transfer of shares in a Company or Association is written on a sheet of paper on which the necessary stamp is engraved or embossed and the value of the stamp so engraved or embossed is subsequently, in consequence of a rise in the market value of such shares, found to fall short of the amount of duty chargeable under Article No. 62 (a) of Schedule I to the Act, one or more adhesive stamps bearing the words "Share Transfer," as hereinafter prescribed, may be use to make up the amount required.

Adhesive Stamp or stamps denoting duty of one anna or half an anna.

Provided that if application is made within three months of the execution of the instrument, and the Collector is satisfied that the improper description of stamp was used solely because of the difficulty or inconvenience of procuring one of proper description he may remit the further payment of duty prescribed in this rule.

Evidence as to circumstances of claim to refund or renewal.

17. The Collector may require any person claiming a refund or renewal under Chapter V of the Act, or his duly authorised agent to make an oral deposition on oath or affirmation or to file an affidavit, setting forth the circumstances under which the claim has arisen, and may also if he thinks fit call for the evidence of witnesses in support of the statement set forth in any such deposition or affidavit as aforesaid.

Payment of allowances in respect of spoiled or misused stamps or on the renewal of debentures.

When an application is made for the payment, under Chapter V of the Act, of an allowance in respect of a spoiled or misused stamp, or on the renewal of a debenture, and an order is passed by the Collector sanctioning the allowance or calling for further evidence in support of the application, then if the amount of the allowance or the stamp given in lieu thereof is not taken, or if the further evidence required is not furnished, as the case may be, by the applicant within one year of the date of such order as aforesaid, the application shall be struck off and the spoiled or misused stamp (if any) sent to the Superintendent of Stamps at Bombay or Karachi for destruction.

The earth removed from the flooring shall be replaced by fresh earth after the lapse of two weeks.

(Instructions for the diagnosis of Glanders and Farcy.)

(1) Glanders is a malignant, contagious and fatal disease, characterised by the following symptoms :—

Increased temperature ; swelling of the glands under the jaw ; discharge of sticky material from the nose which sticks about the nostrils ; ulcers on the mucous membrane of the nostrils ; the eyes are weak and often discharge ; abscesses form along the course of the lymphatics of the face ; lungs become affected ; animal gets very thin, in some cases dies rapidly and in others, lives for some weeks.

(2) Farcy is another form of Glanders and presents the following symptoms :—

Increased temperature ; the legs swell, presenting an uneven surface, increasing and decreasing suddenly and attended with pain and lameness. Farcy buds form along the vessels of the leg, burst and give exit to a thin purulent yellowish material, which generally soon dries and forms a yellow crust on the surface of the ulcer.

Notn. No. 4011C, Revenue, dated 16th May 1905, B. G. G., 1905, Pt. I, p. 595.

In exercise of the powers conferred by Section 14 of the Glanders and Farcy Act, 1899 (XIII of 1899), the Governor in Council is pleased to amend the rules [a] contained in Government Notification in the Revenue Department, No. 5542*B*,* dated the 3rd August 1901, so far as the said rules apply to the Cantonment of Poona, together, with an area lying within a radius of five miles from that Cantonment, as follows, namely :—

3. To Appendix II to the said rules *add* the following paragraphs :

(3) Instructions for the diagnosis of Lymphangitis Epizootica.

Nodules varying in size from a pea to hen's egg appear under the skin. These may be connected by lines like veins having the appearance of beaded chains.

The hair falls off the nodules and they burst and discharge thick yellow or blood stained matter. The lesions may be found on any part of the body, but they are most frequently associated with those parts which are most exposed to wounds, kicks, contusions, harness and saddle galls. The disease takes place by inoculation through wounds and may therefore develop from the slightest abrasion. In cattle the nodules form well-defined lumps, but their development is much slower and the lumps are not connected by vein like cords.

(4) Instructions for the diagnosis of Surra.

There are successive attacks of fever, the first of which might perhaps pass unnoticed. Then red spots appear on the mucous membrane of the eye. The eyes water. There is rapid loss of flesh and great weakness, although in the majority of cases the appetite remains good throughout, no matter how high the fever may be. The mucous membranes of the eye, mouth, etc., become very pale and then at a later period yellowish. From first to last there is a progressive debility and emaciation until dropsical swellings of the limbs and under surface of the body appear. The duration of the attacks of fever and intermissions are very irregular, usually lasting from about 1 to 6 days. Death occurs in about six or seven weeks.

RULES FOR REGULATING THE ESCORT OF PRISONERS.

Notn. No. 6321, Judicial, dated 6th October 1902, B. G. G., 1902, Pt. I, p. 1728.

In supersession of all previous rules issued on the subject, the Governor in Council is pleased, in exercise of the power conferred by sub-section (1) of Section 51 of the Prisoners' Act, 1900 (III of 1900), to make, under sub-section (2) of the same section to publish for general information, the following rules—

(*a*) for regulating the escort of prisoners (State prisoners excepted) to and from any Court, situated within the jurisdiction of the High Court, in which their presence is required, and for their custody during the period of such attendance,

(*b*) for regulating the amount to be allowed for the costs and charges of such escort, and

(*c*) for the guidance of officers in matters connected with the enforcement of Part IX of the Prisoners' Act, 1900 (III of 1900):

1. On receipt of an order issued under Sec ions 35, 37, 39 and 40 of the Act, the officer in charge of the prison shall make a requisition on the District Superintendent of Police or at the Presidency on the Commissioner of Police for an escort, and the District Superintendent or Commissioner, as the case may be, shall supply such escort in conformity with the ordinary rules of his department.

2. The officer in charge of such escort shall, in like manner, be guided by the rules of the Police Department in the performance of his duty and in the treatment of the prisoners under his charge.

3. All prisoners shall be taken to the Court before which their appearance is required by the most expeditious route. Prisoners under sentence or under trial for criminal offences shall ordinarily travel on foot; but civil prisoners, who are desirous of obtaining, and are willing to pay for the indulgence, may be provided with suitable means of conveyance. Prisoners and their escorts shall not travel by night except when absolutely necessary. When a railway is available all prisoners shall be conveyed by rail under charge of the police guard.

4. Civil prisoners shall ordinarily not be fettered or handcuffed.

Before any criminal prisoner is made over to the officer in charge of the escort, the officer in charge of the prison shall satisfy himself that the fetters of the prisoner or prisoners to be removed are in order and that each prisoner

is supplied with suitable clothing, and he shall further make over to the officer in charge of the guard copies of the warrant under which the person, whether a civil or criminal prisoner, is confined and of the orders of the Court under which the prisoner is removed together with a sum of money for their maintenance and road expense. Diet money shall be calculated at a rate not exceeding 4 annas per diem, according to the number of days which the escort will take in going to and returning from the Court.

5. The officer in charge of the guard shall give to the officer in charge of the prison a receipt for such prisoners as he may receive, with a statement of the clothing, &c., in each prisoner's possession, and a receipt for the amount of diet money or road expenses which has been advanced on their account. Advances required on account of the escort shall be made by the District Superintendent or Commissioner of Police at the Presidency, supplying it.

Should there be a prison or (in default of a prison) a lock-up at the place where the Court before which the prisoners have to appear is held, the officer in charge of the escort shall deliver the prisoners to the Jailor of such prison or officer in charge of such lock-up, and shall not be responsible for their custody while they are in such prison or lock-up, but shall only be responsible for their custody while escorting them thither from such prison or lock-up to the place where the Court is held.

7. Whenever a criminal prisoner is removed under the Act to a place other than that where he has been undergoing his sentence, he shall, when his attendance is no longer required, be taken to the nearest District or Central Prison, the officer in charge of which shall apply to the Inspector-General of Prisons for instructions as to his disposal. On the prisoner being received by the Jailor under this rule, the copy of the warrant of confinement shall be made over to him by the officer in charge of the escort, who shall then receive from the officer in charge of the prison a receipt for the prisoner and such clothing, &c., as he may have with him. The officer in charge of the prison shall also forward copy of such receipt by a post to the officer in charge of the prison from which the prisoner has been brought. Civil prisoners shall, on their attendance being dispensed with, be taken back to the prison from which they have been brought.

8. On the completion of the duty for which the escort was detailed, the District Superintendent or Commissioner supplying it, shall, if the presence of the prisoner was required in any civil matter, submit a bill to the Court from which the requisition proceeded, for the cost of the guard, as fixed by the scale in Schedule A, and for the actual expenditure incurred by them on account of carriage by land or water, if the journey is not performed entirely on foot, plus 10 per cent. for contingencies. A separate bill should also be forwarded by the District Superintendent or Commissioner of Police at the Presidency for diet money and road expenses of the prisoner or prisoners.

9. All sums received in paymemt of these bills shall at once be paid into the treasury of the District from which the escort started to the credit of Government, as a receipt either of the Police or Jail Department, according as the amount is paid on account of the escort or of the prisoners.

10. In estimating beforehand, under Section 50 the amount to be deposited by any party requiring the testimony of a prisoner in any civil matter, the Court should calculate the charges for escort parties according to the scale shown in Schedule A attached to these rules, and should take the average distance covered by escort parties travelling by road at from ten to fifteen miles per diem. The Court should also estimate for the whole time

likely to be occupied in going, waiting and returning. Where the journey is performed by rail, the cost of third class fares both ways for a whole compartment should be added. The fares by a boat or steamer must be estimated on such information as the Court may itself possess. In every case 4 annas per diem for each prisoner's diet money and 10 per cent. on the cost of the guard for the contingencies should be added. Any balance deficient between the amount estimated by the Court and the charge entered in the bill preferred by the District Superintendent or Commissioner of Police at the Presidency shall be recovered by the Court under Section 50 of the Act. The Court before whom any prisoner appears to give evidence should take his evidence without unnecessary delay.

11. The foregoing rules do not apply to State prisoners confined by order of Government, whose attendance in any Court can only be arranged for under the special orders of Government in each case.

APPOINTING COLLECTORS AND DEPUTY COMMISSIONERS IN THE BOMBAY PRESIDENCY TO EXERCISE WITHIN THE LIMITS OF THEIR DISTRICTS THE POWERS CONFERRED ON THE ADVOCATE-GENERAL, BOMBAY, BY SECTION 92.

Notn. No. 61, Judicial, dated 7th January 1907, B. G. G., 1907, Pt. I, p. 36.

RULES FOR THE MAINTENANCE AND CUSTODY OF LIVE-STOCK AND OTHER MOVEABLE PROPERTY WHILE UNDER ATTACHMENT BY ORDER OF A CIVIL COURT.

[a]*Notn. No. 2258, Judicial, dated 23rd April 1891, B. G. G., 1891, Pt. I, p. 354.*

The Governor in Council is pleased, under Section 269 of the Code of Civil Procedure, to make the following rules for the maintenance and custody of live-stock and other moveable property while under attachment:—

1. All live-stock and other moveable property attached under Section 269 of the Code of Civil Procedure shall ordinarily be removed and conveyed by the attaching officer, or by his subordinates, or by persons specially engaged by him for the purpose, to the Court premises or other appointed place and there kept under due custody till sold, or otherwise disposed of according to law.

2. In cases where it is found more convenient so to do, the property may be handed over to the judgment-creditor, under proper security, for removal and conveyance to the Court premises, or other appointed place, for the purpose specified in Rule 1.

3. When the property is of such a nature that, in the opinion of the attaching officer, or his subordinate, its removal to the Court premises, or other appointed place, is impracticable, or can only be effected at a cost out of proportion to its value, the attaching officer shall report his opinion to the Court and, pending receipt of the order of the Court, shall arrange for its proper maintenance, guarding and custody at the place at which it has been attached.

4. The Court, on receipt of such a report as is mentioned in Rule 3, may either order the removal of the property to the Court premises, or other appointed place, or sanction its detention at the place at which it has been attached or elsewhere, under such provisions as to its maintenance, guarding and custody as it thinks fit.

5. Before making any order for the attachment of live-stock, or other moveable property, or at any time after any such order has been passed, the Court may require the person, at whose instance the order of attachment is sought, or has been made, to deposit in Court such sum of money as the Court may consider necessary—

(*a*) For the removal of the property to the Court premises, or other appointed place, and its maintenance, guarding and custody till arrival thereat.

(*b*) For the maintenance, guarding and custody of the property at the Court premises or other appointed place, till it is sold or otherwise disposed of.

(*c*) For the maintenance, guarding and custody of property at the place at which it was attached, or elsewhere.

In case of failure to deposit such sum within the time required by the Court, the Court may either refuse to issue, or may cancel, the order of attachment, as the case may be.

[a] See foot-note [a] on page 1006, *supra*.

6. An account of the expenses actually incurred shall, on demand being made on or before the date of the sale, be furnished to the attaching creditor and to the person whose property was attached, and the amount that the Court, after hearing their objections to the account, if any, made within 3 days after furnishing the same, finds to be properly due, shall be deducted as a first charge from the proceeds of the sale of the property and paid to the attaching creditor along with any balance that there may be of the deposit.

7. If, in consequence of the cancellation of the order of attachment, or for any other reason, the person whose property has been attached becomes entitled to receive back the live-stock, or other property attached, it shall be given to him on payment of all charges found by the Court to have been properly incurred which have not been defrayed, or for the defrayal of which no money has been deposited, by the attaching creditor, and, in default of his paying the same within the time prescribed by the Court, the property, or so much thereof as may be necessary, shall be sold by auction, and, after defraying the abovementioned charges and the expenses of the sale, the balance of the sale-proceeds and of the property shall be delivered to him.
